Join the Centier Advantage Program and About Tours on this taste-tempting tour of Chicago's north side neighborhoods. You will swoon over the sticky, sinful cinnamon rolls at **Ann Sathers**, right in the middle of the Wrigleyville neighborhood. We'll drive by & see from the motor coach historic **Wrigley Field** "The Friendly Confines". You will hear why a goat might be to blame for the Cubs less than inspiring record through the years.

We'll go to Uptown, to Chicago's second Chinatown. Lunch will be a dim sum lunch at **Furama Restaurant**.

After lunch we will get to see the upscale **Lincoln Park** area many Chicagoans call home. There will also be a stop to see the magnificent **Elks National Memorial Building**. This structure is one of the city's grandest public spaces. The Memorial Rotunda is a riot of colored marble and mural painting, dazzling in opulence.

The last stop of the day is in Old Town for a melt-in-your-mouth chocolate fudge from a shop that has become a neighborhood favorite. Of course, we'll leave some time to buy some goodies to take home for you and your family/friends.
