Support you and your spouse in retirement and leave an estate	2
Support you and your spouse in retirement and leave a substantial estate	3
Provide some support to you and your spouse and leave the primary amount to an estate	4

**SCORING:** To compute your score, add all of the circled numbers together and refer to the range on the right to determine a suggested model portfolio. The Portfolio Mixes presented are a guide to investing and should not be considered investment advice. You may choose to allocate your assets based on these portfolio illustrations or design a portfolio mix of your own. Your investment professional can provide details regarding the specific allocation of these Portfolio Mixes. In applying any particular asset allocation model to your individual situation, you should consider all of your assets, income and investments.

**TOTAL SCORE** \_\_\_\_\_

SCORE	PORTFOLIO MIX
6-11	INCOME
12-18	INCOME & GROWTH
19-26	BALANCED
27-30	GROWTH & INCOME
31-33	GROWTH
34-35	AGGRESSIVE GROWTH

## DISCLOSURE

You should consider the investment objectives, risks, charges and expenses of the Accessor Funds carefully before investing. A prospectus with this and other information may be obtained by calling (800) 882-9612 or by downloading one from [www.accessor.com](http://www.accessor.com). It should be read carefully before investing.

The asset-allocated models are suggested investment portfolios and are not mutual funds. The portfolios are constructed using Accessor Underlying Funds, which are mutual funds. The Accessor Funds are managed and administered by Forward Management, LLC. The Accessor Underlying Funds used are the Growth, Value, Small to Mid Cap, International Equity, Strategic Alternatives, High Yield Bond, Intermediate Fixed-Income, Short-Intermediate Fixed-Income, Mortgage Securities and U.S. Government Money Funds. Investing involves risk, including possible loss of principal. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Through separate prospectuses, Accessor Funds offers multiple classes of shares. Each class has different expenses that would affect performance. There is no assurance that the individual Funds or asset-allocated models will meet their objectives.
